FOR IMMEDIATE RELEASE

New York, NY – IntelliHance Records is excited to announce the release of the latest album from **DJ Donovan**, **Cavida**, available everywhere on **1/5/2020**.

Cavida is a Techno album that consists of 14 tracks that vary in styles from melodic “**Eclipse**” and “**Delete**”, 303 fueled Acid Techno “**Prescription**”, to driving big room tracks such as “**Solid State**”, “**Blackbelt**”, and “**Breath**”, all the way to dub and downtempo “**Patina**” and “**Phantom**”.

This is **IntelliHance Records’s** 8th release and second full length album. DJ Donovan has also released tracks on Astralwerks, ESP/Sun, Swell Records, and Black Magic Records.

“This album was a return to my love affair with the underground experience. Abandoned warehouses and aircraft hangers, walls of speakers, and love for the music. Defining new sounds with the rawness of the past and connecting to the new.” – **DJ Donovan**
